**Subject:** Covid-19 Closing Information

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning,

I am Finn, the student from the University of Virginia Biocomplexity Institute. I called earlier today, but I think it would be easier to send my questions to you by email. They are related to coronavirus and the initial closings at the beginning of the pandemic.

The purpose of collection is to improve the prediction models that we build at our Institute and make better policy decisions for future pandemics. My questions are related to whether or not certain measures were implemented in Roanoke County, and if so, the dates that they occurred.

I am looking for the start and end dates for these specific measures:

1. Business Closings (no local authority)
2. K-12 School Closings (Botetourt County Public Schools are independent of the County; please consult school officials)
3. Higher Level Education/College Closings (no local authority)
4. Church/Religious Closings (no local authority)
5. Lockdown Start and End (no local authority)
6. Mask Mandate (no local authority except for local government facilities; County facilities were closed to the public and non-essential employees as of March 16, 2020; County facilities were reopened to employees on June 11, 2020, and to the general public on June 15, 2020; employees were required to wear face coverings when not alone in a private space, and the public was encouraged but not mandated to wear face coverings; the employee mask requirement was terminated with the expiration of the Governor's State of Emergency on June 30, 2021)
7. Occupancy Limits (The number of people allowed to gather at certain times) (the County had no authority to impose occupancy limits on businesses or private gatherings; no occupancy limits were imposed in County facilities)

The second step is to send supporting documents (ordinances, county statements, etc.) to verify these dates. I appreciate your help and fully understand if you cannot do this step since you most likely have other projects you need to attend to, but if you are able this helps us greatly.

Please email me with any questions or for clarification!
